

OUTSTANDING HOSPITALS DON'T SIMPLY TREAT FRAGILITY FRACTURES—
THEY PREVENT FRACTURES FROM RECURRING

THE BEST HOSPITALS AND PRACTICES OWN THE BONE.

PREVENTION MEASURE Exercise, especially weight bearing and muscle strengthening, is one of the most effective preventative measures for the reduction of secondary fragility fractures. Have you communicated this to your patient? It's time to Own the Bone.

The American Orthopaedic Association and the National Osteoporosis Foundation applaud the following institutions for their achievements and participation in the Own the Bone® program:

STAR PERFORMERS

Berkshire Medical Center - Pittsfield, MA
